B: He ain't recording much

25

W: I know

26

B: Grab that

27

W: I want to clean him up first before we get him in a car.

28

B: Na he's going to.....

B: How many probes are you looking for?

P: I've got two, I've got two that belong together this and this.

B: They should all be in this area.

P: But I don't have---

B: Did you find it?

T: Um, ya o.k. sir, no were were o.k.

T: Ya thank you so much, if I have any questions  
can I call you again?

T: I popped my cartridge and I threw it on the ground.

BURGER'S MAV

03-15-08

**22 minutes after Ofc. Burger directs Ofc. Temores to pick a taser probe or taser cartridge from the sidewalk, Ofc. Burger asks Ofc. Temores if he found something.**

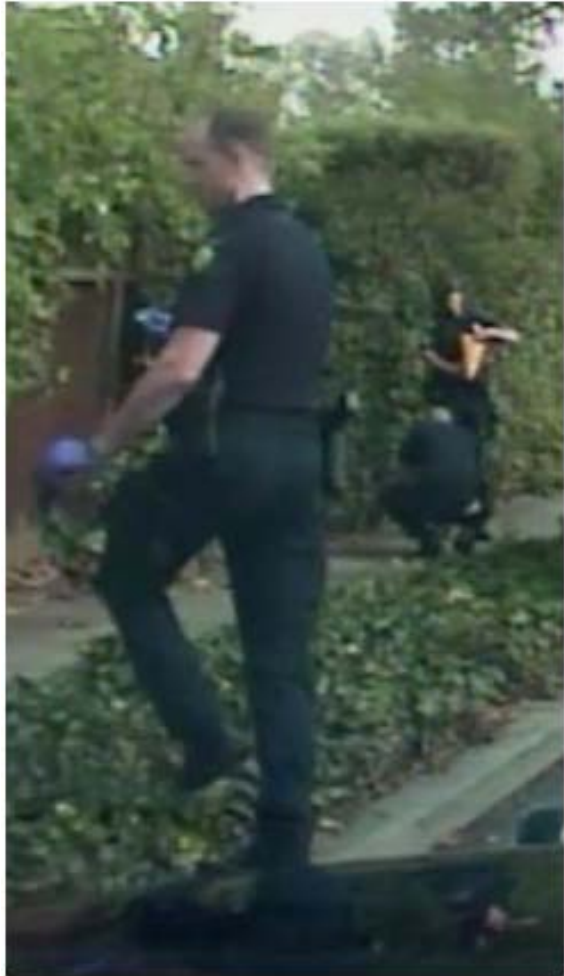

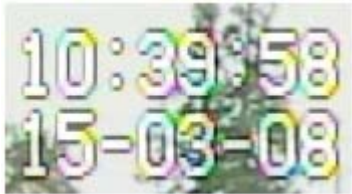

**What would Ofc. Temores be looking for if he already placed his broken taser cartridge into his pant leg pocket/holder? Another taser probe?**

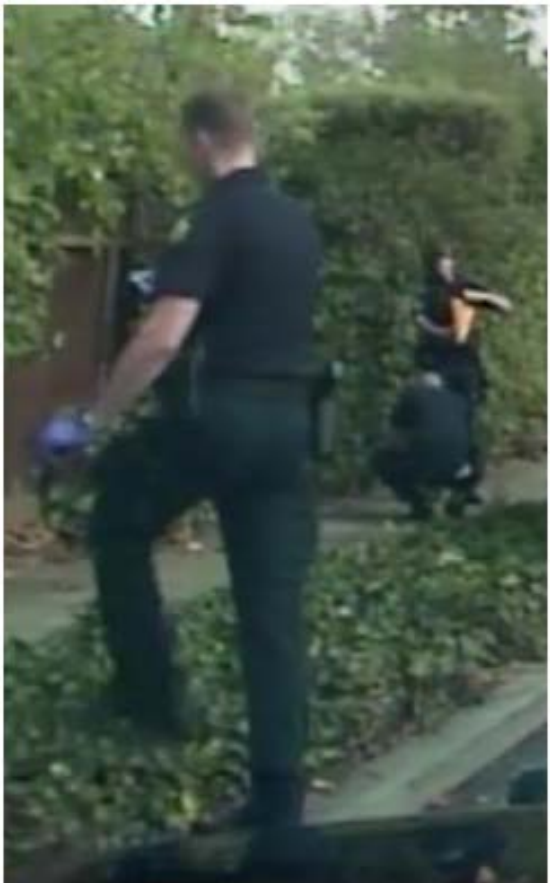

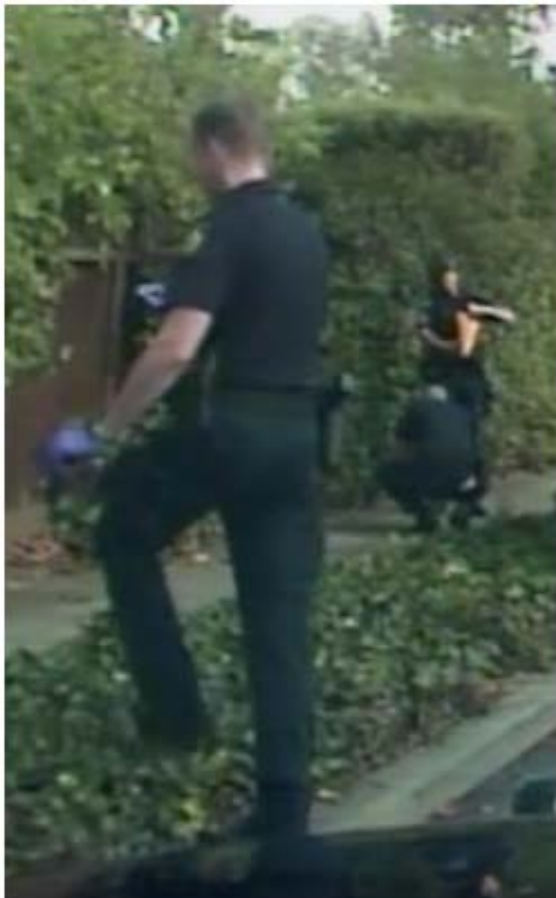

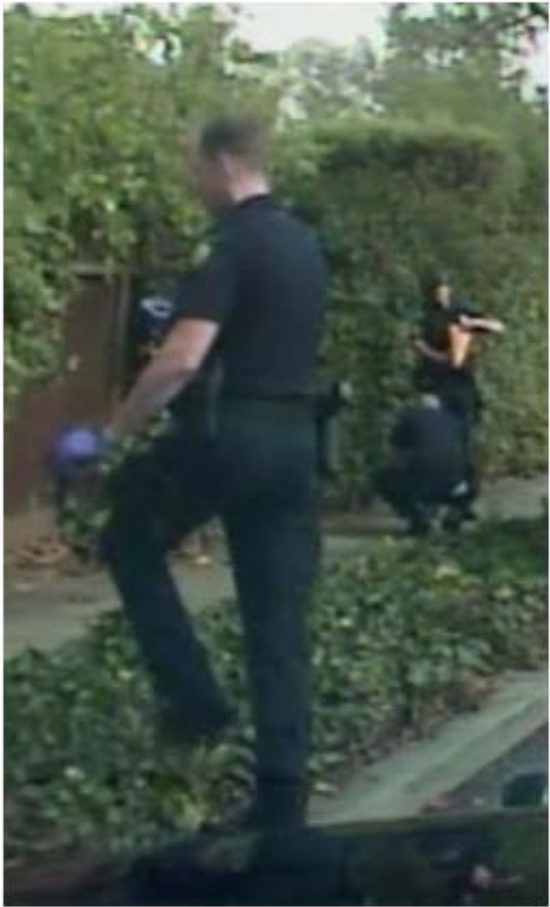

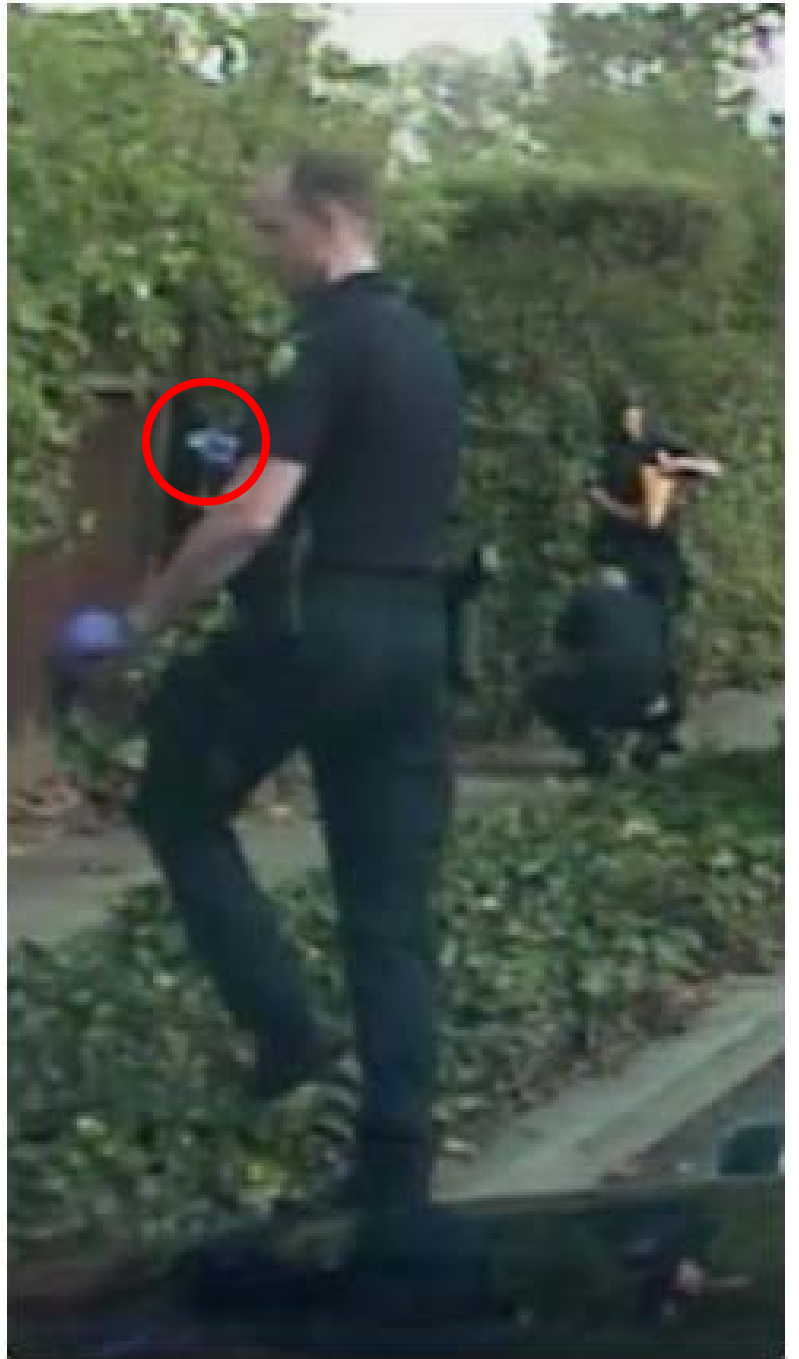

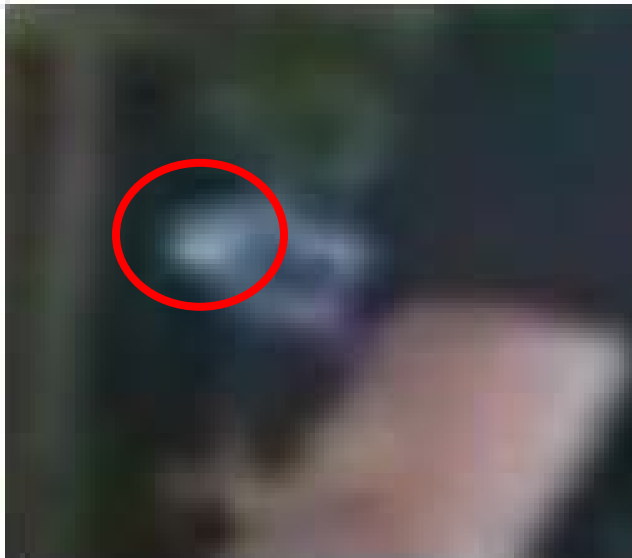

At the **10:39:42** mark of Temores' MAV recording and the **10:40:30** mark of Burger's MAV recording Burger is heard asking Temores, ***"Did you find it?"*** Find what?

**14 seconds** later Burger is seen on both Burger's and Temores' MAV recordings walking away from Temores' patrol car with a taser probe in his hand.

That makes three physical depictions of three different taser probes at the scene. This taser probe was never documented into evidence or perhaps it was and the ones from the fence and sidewalk were not.

**After retrieving a taser probe from Temores' patrol car, Ofc. Burger shows it to Sgt. Powers and Officer Afanasiev.**

**Taser Probe from sidewalk has  
taser wires attached to it.**

Powers stated that the probes documented into evidence had their wires still attached.

The taser probe in fence has a wire still attached to it.

**PALO ALTO POLICE DEPARTMENT  
Memorandum**

**To: Lieutenant Mike Denson**

**From: Sergeant Natasha Powers** *NP*

**Date: 15 March 2008**

**Subject: Use of Force Report**

**SYNOPSIS**

On 03/15/2008, at approximately 1007 hours, Officer Temores and Agent Wagner responded to the 1000 block of Ramona Street on the report of a male adult sleeping in his van and that had made the reporting party and his children uncomfortable.

Upon arrival Officer Temores and Agent Wagner attempted to contact the suspect who was inside of his van. The suspect refused to come out and the officers used a ruse to get him to come out of the van. Once outside the van the suspect became verbally combative with Wagner and Temores. Officer Burger then arrived and observed the suspect and believed him to be under the influence of a controlled substance. The suspect then retreated into the van and refused the lawful order of the officers. Officers continued to negotiate with the suspect and managed to get him to come to the door opening of the van. The situation quickly escalated when the suspect attempted to flee and then assaulted one officer.

A Taser X26 was deployed; however the probes did not strike the suspect, and was thus ineffective. The suspect violently struggled with the officers striking all of them with kicks and punches as they tried to gain control of his arms. During that struggle a second Taser was used in a drive stun mode upon the suspect's leg. The suspect continued to violently struggle until he complied after being warned again that a Taser would be used upon him. Eventually the suspect complied, but not before the three officers were injured in the process of detaining him.

The suspect was transported to Stanford ER where he was treated for the abrasions and the Taser drive stun.

**SUSPECT INFORMATION**

Joseph Anthony Ciampi  
DOB: 09-24-1961  
Transient - Palo Alto

**INVESTIGATION:**

See attached Palo Alto Police Incident Report 08-1777

### **SUSPECT INJURIES:**

The Taser probes did not strike Ciampi and, therefore he had no probe related injuries. The suspect received a drive stun to the left leg but there were no signature marks. Suspect Ciampi sustained abrasions to his left arm and both thighs.

Suspect Ciampi was transported to Stanford ER by PAFD Medics. He was treated at Stanford ER for the abrasions and Taser direct stun to his left leg.

### **ADMINISTRATIVE STATEMENT OF SUSPECT, Joseph Ciampi:**

See supplemental report by Sgt. Honiker

### **EVIDENCE:**

Agent April Wagner accompanied Palo Alto Fire / Medics to Stanford ER.

At the scene I collected expended Taser XP Cartridge H07-629707. Additionally I collected one related probe from the fence belonging to the residence of 1057 Ramona Street, and the other probe from the side walk along that same fence line. I collected one set of related Taser wires, both still attached to the probes noted above, and several AFIDS all belonging to Taser XP Cartridge H07-629707

I documented the above items on a property sheet and placed them into PAPD evidence. This was documented in her incident report 08-1777.

Agent Afanasiev responded to the scene and took photos of the scene and the officer injuries. Additionally he responded to Stanford ER where he photographed the suspect and obtained a blood sample.

### **TASER INFORMATION:**

Officer Burger: Taser Serial Number: X00-292463  
Officer Temores: Taser Serial Number: X00-292417

XP Cartridge Number: H07-629707  
Drive Stun Only

**Taaser probes in evidence do not have wires attached. The taser probes in evidence are not the taser probes that Sgt. Powers documents in her "Use of Force Report.**
